## MT2 Dual Circuit Vacuum Lifter

**Range:** Glass Vacuum Equipment / Vacuum Lifters / Woods Powr-Grip

Our range of glass handling equipment is available to customers across the UK, from our own strategically placed depots enabling us to offer a national coverage.

**The Wood's Powr-Grip MT2 is an excellent compact vacuum lifter, providing an alternative to traditional hand cups reducing manual handling for a wide range of industries**

- Powerful 135kg lifting capacity
- Safer lifting through improved manual handling
- Fewer people required to handle materials boosts productivity
- Suitable for wide range of materials including glass, coated boards, plastics, ceramics and sheet metal
- Vacuum gauge for each circuit with low vacuum alert
- Manual tilting from vertical to horizontal

**135kg** max lifting capacity

Dimensions:	HxWxD mm	770mm x 584mm x 244mm
Vacuum system :		dual circuit
Suction cup quality:		black rubber, not abrasion resistant, heat resistant up to 100°C
Suction cup dimension:		280mm Ø
Number of suction cups:		2
Loading capacity of frame:	(on smooth and clean surface at 60% vacuum)	135kg
Weight of lifter:		24kg
Structural depth:		254mm
Output:		1.5m <sup>3</sup> /h
Voltage:	pump: battery charger:	12v DC rechargeable batteries 110v/240v 50/60Hz single phase factory selectable

### RTITB - Accredited Glass Vacuum Course

Training can be delivered at one of the purpose-built Hird training centres, or at your own site, if facilities are suitable.

Product specifications are subject to change without notice or obligation. The photographs and/or drawings in this document are for illustrative purposes only.
